

## Overview

With more than 200 exhibitors to see this year, we've implemented a new system so you can chart your course before you arrive. Browse through the exhibitors, read their descriptions, and then create a custom map so you can plan your visit to the Forum exhibit hall.

To take advantage of all the features available, the main navigation is contained in this main screen.

- Browse enables you to browse through the exhibitor list.
- My Expo creates a customized exhibit hall experience.
- Search enables you to search through all of the exhibitors in a variety of ways.

## General Information

---

### **Browse Exhibitors**

You can browse through a list of all of the Forum exhibitors in three ways:

 **Browse Exhibitors**

View Floor Plan

Alpha List

Category List

- View the floor plan and locate booths.
- See a list of all exhibitors in alphabetical order.
- View a list of companies within specific category listings that may be of interest to you (i.e., middleware/System Integrator, Regulatory and Compliance). You'll need to first select the category from the list shown, then click on the category itself to see a list

### **Search**

Find just what you need using the search capabilities.

1. Select the type of search you want to perform — product, company description, keyword, exhibitor name, or booth number.
2. Enter the search data or word
3. Press go.

Search Exhibitors By:

Product

Company Description

Keyword

Exhibitor Name

Booth Number

A list of companies matching criteria will be displayed. Then you can view their information or add them to **My Expo** for future review (See instructions below).

### **Company Descriptions**

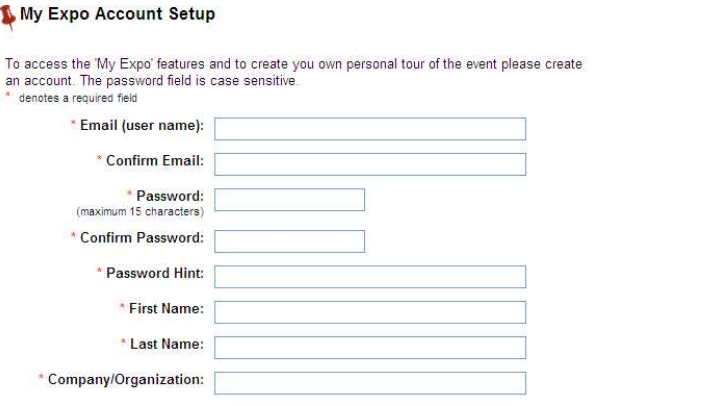

---

Company descriptions are available in lists and on the maps. Simply mouse-over the company and their description pops-up.

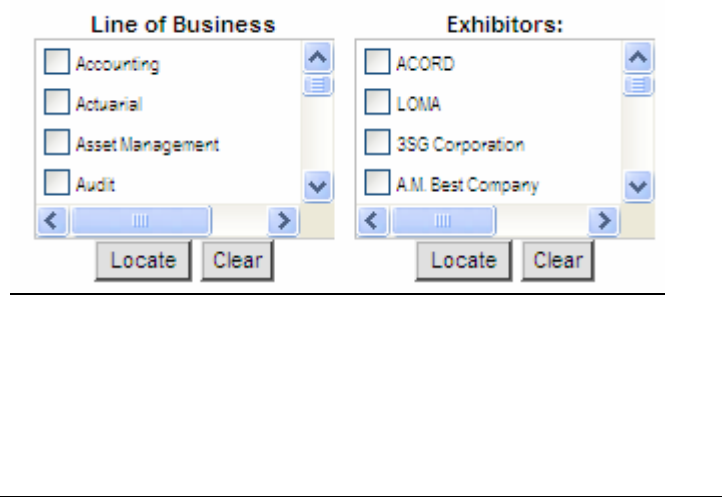

To get more detailed or printable information, click on the exhibitor name and you'll be directed to their page.
